# Mobile Inventory Tracking & Sales Management Software

2019

Developed by

**tecom**  
GROUP

Tecom Group, Inc. is a leading software developer. It is a privately held company, established in Melbourne, Florida (USA) 1992.

## Areas of competence:

Software  
Development

Testing

Software  
Integration

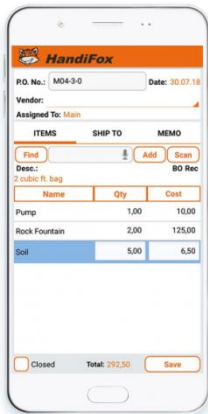

Custom  
Development

## Why choose us:

- 200+ engineers, stability of team
- high quality engineering processes (less bugs)
- low cost with offshore rates
- individual approach to every customer

## What is HandiFox™:

HandiFox™ is a leading inventory control and sales management solution that allows small and medium businesses to automate their sales, manage the supply chain pipeline and do sales in the field on mobile devices.

The software is available in **three** editions:

- HandiFox Desktop
- HandiFox Online
- HandiFox Online Standalone

## Software integration:

- **QuickBooks** accounting software (Pro, Premier, and Enterprise), a popular in the USA accounting software package developed and marketed by Intuit
- **QuickBooks Online** (for HandiFox Online)
- **Shopify** e-commerce platform (for HandiFox Online and HandiFox Online Standalone)

## Supported devices:

Android smart phones and tablets. Apple is yet not supported in HandiFox Desktop and HandiFox Online.

Tested and works great with a variety of automatic identification and data collection hardware (mobile devices, printers, barcode scanners etc.).

- **Barcode scanning**

The mobile barcode scanning capabilities built into our software allow warehouse and field workers to easily and quickly scan items, populate sales orders, invoices, and to pick and pack ordered items.

- **Mobile sales**

With a range of capabilities including sales orders, invoices, sales receipts, credit memos & payments, reviewing and editing customer information, and many more, HandiFox Sales is a powerhouse mobile sales management solution.

- **Multi-location tracking**

When inventory is spread across several physical locations, simply tracking total quantities on hand is often not good enough. HandiFox provides detailed information about not just the total number of items inventoried, but also their location, and quantities relative to each location.

- **Inventory control**

Utilizing mobile computers and barcodes, our inventory management software simplifies your business process, making transparency and control easier than ever before - even across multiple sites.

At HandiFox we work with a wide range of clients from a diverse **variety of industries**:

- Automotive Parts and Supply
- Food and Beverage
- Electronics Distribution
- Agricultural Supply
- Sporting Goods
- Clothing and Apparel
- Medical and Healthcare
- Consumer Goods
- Office Supplies
- Wholesale/Distribution

# HandiFox

was born 10 years ago in Chicago, IL. Kurt Casas, owner of K.C. Auto Body Supply, Inc., was the first client.

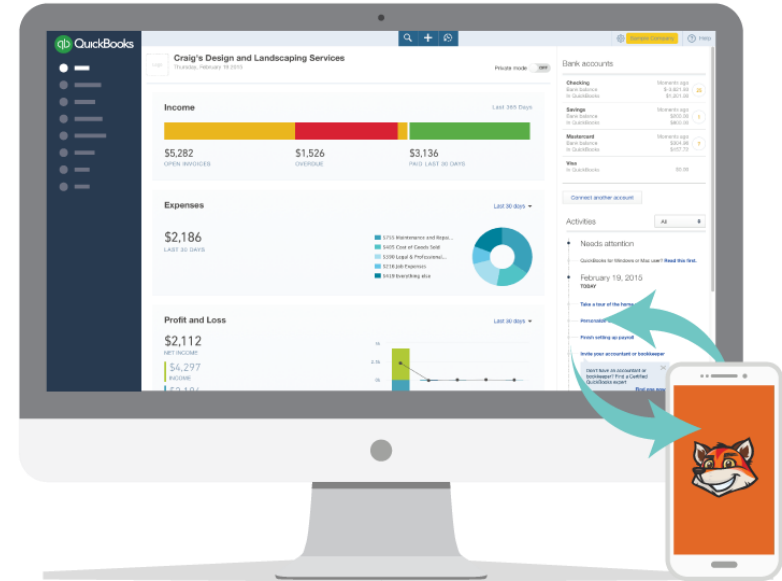

**K.C. BODY SHOP SUPPLY, INC.**

## 1. HandiFox Desktop

- An inventory control and sales management solution that seamlessly integrates with QuickBooks Desktop.
- HandiFox Desktop was created as **a seamless extension of QuickBooks Desktop** to provide small businesses with a powerful inventory control tool and a chance to send inventory data from multiple locations to your QuickBooks Desktop in the office in real time.

Learn more about the product [here](#)

HandiFox Desktop comes in **two versions**:

- **HandiFox™ Inventory** allows small and mid-size companies to use barcodes, receive inventory and do inventory counting.
- **HandiFox™ Sales** is a full-featured version that helps small and mid-size companies to extend their **sales control beyond the office**.

## Here is what some of our customers have to say:

- **Amy Nikkel, Adagio Acres Farm:** “We were very impressed with the simplicity of integration with QuickBooks and the user-friendly mobile app, the reasonable cost, and some flexibility to use the product to suit our individual needs”.
- **Ray Wood, Winestuff:** “We have been using HandiFox for a couple of years now. It works great for our inventory cycle counts and full physical inventory. We also use it to receive purchase orders. Really helped our efficiency improve tremendously”.
- **Steven Israel, Xtreme Solutions:** “HandiFox was the perfect next step in taking my business mobile. Reasonably priced, HandiFox was perfect for my growing small business needs. It easily integrates with QuickBooks and assists me in inventory control on my trucks and other locations. It's great for invoicing on the go, and is designed to grow with my company. Whether I’m using it in one vehicle or 10, HandiFox never lets me down”.
