Information & Consultation Services

Digital Development Department of CCI of Russia provides various business information services for Russian and foreign clients:

1. Search for business partners in Russia

CCI of Russia can provide you with the lists of potential business partners and clients based on your request. You will receive full contact information (phones, fax, emails, website, CEO's name) and brief descriptions for each company.

2. Assistance in promotion of your company to the Russian market

We can assist you in promoting of your company to the Russian market and prepare the commercial proposal for your Russian partners, provide you with various marketing data, translate your marketing materials and business documents, inform the potential partners and customers in Russia about your products and services.

3. Business reports on Russian companies

CCI of Russia has access to the official registers and databases of Russian companies and could verify for you the legal status of almost any Russian legal entity. The report will include company registration information (company ID, official Taxpayer number, official contacts and director's name). In addition we could provide you with the available financial and accounting company's data and other information helpful for the decision-making.

4. Business reports on international companies

CCI of Russia could provide you with the comprehensive international companies reports. The report includes registration and owner's information, history of the company, structure, financial records and other data. Company's rating based on their financial situation could be added (if available). All information is constantly updated and verified.

5. Customs tariffs on import/export

Information about customs tariffs used in the Eurasian Economic Union (EAEU) for different types of commodities (HS tariff nomenclature).

6. Ad-Hoc marketing reports and actual market price data

On request CCI of Russia prepares ad-hoc marketing research including actual market price investigation, customer and consumer reports in both B-to-B and B-to-C segments for almost all industry sectors.
